SUMMARY

Motivated B.Tech Information Technology student with strong foundations in Java, Data Structures & Algorithms, OOP, and DBMS. Experienced in building real-world applications and contributing to open-source projects. Seeking an opportunity to apply my technical and problem-solving skills while continuously learning and contributing to organizational growth.

EDUCATION

Vidya Jyothi Institute of Technology

B.Tech – Information Technology | CGPA: 8.45

Jul 2023 – Present

SKILLS

Programming Languages: Java, Python, C

Web Technologies: HTML5, CSS3, JavaScript

Database: MySQL, Firebase

Tools & Platforms: Git, GitHub, Figma, Qlik Analytics, MS Office Suite, Arduino IDE

Core Concepts: OOP, Data Structures & Algorithms, DBMS, Operating Systems

PROJECTS

AgriGo – Agriculture Service Platform - [link](#)

2025

- Contributed to an Android platform connecting farmers with drivers, machinery, and labour, streamlining rural service coordination.
- Implemented Firebase Authentication for secure farmer and driver login, and designed the UI for all major app screens.
- Authored project documentation covering the app's architecture, workflows, and features.

Technologies Used: Java, Firebase, Google Maps API, Android SDK

Smart Pill Dispenser (IoT) - [link](#)

2024

- Engineered an automated pill dispensing system using Arduino, RTC module, sensors, LCD display, and buzzer to deliver timely and reliable medication reminders.
- Developed user-detection logic that activates alerts only when the patient is present, and integrated a caregiver scheduling system for configuring multiple daily dosage timings.

Technologies Used: Arduino UNO, Embedded C, RTC Module, IR Sensor, LCD, Buzzer, Arduino IDE

OPEN SOURCE

GirlScript Summer of Code (GSSoC '25)

Jul – Oct 2025

Campus Ambassador & Open Source Contributor | Remote

- Collaborated with developers on real-world open-source projects over 3 months, merging 29 pull requests, earning 189 points, and ranking #86 among 3,421+ contributors.
- Selected as one of the Top 30 Campus Ambassadors nationally; organized an online info-meet for VJIT students alongside a Project Admin, successfully onboarding 50+ peers into open-source contribution.

Hacktoberfest 2025

Oct 2025

Super Contributor – DigitalOcean | Remote

- Achieved Super Contributor status by merging 6 meaningful PRs across diverse open-source repositories during the month-long global event.
- Earned Super Contributor T-shirt, Holopin digital badges, and a TreeNation tree — recognized for quality contributions and community engagement.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Developers Student Society, VJIT

Oct 2025 – Present

Non-Tech Member

- Assisted in organizing technical workshops, coding events and contributed to coordinating the CSI State Convention 2.0 paper presentation event, supporting smooth execution for 100+ student participants.

ACHIEVEMENTS & CERTIFICATIONS

- 4th Place (Special Prize) – InnoQuest 2025 Hackathon (**Microsoft Azure + Reskill**).
- 5th Place – CYBERONIX Level 1 Cybersecurity, organized by **Supraja Technologies**.
- AlgoBharat AlgoGitSquad November Topper.
- LeetCode – Earned **50-Day** badges and Solved **300+** problems across platforms.
- Google Cloud/GenAI Study Jams - Ranked among the top performers in the college, earned swags gained hands-on experience with Google Cloud, APIs, AI/ML, and cloud-based development.
- Certifications:** Python – Cisco | Java Programming & DSA – **Smart Interviews** | SQL Programming – LinkedIn Learning.

CODING PROFILES

LeetCode: m_raghavendra

HackerRank: m_raghavendra331

CodeChef: m_raghu_1242
